

HEALTH & SAFETY ACTION PLAN

Protocol

Daily health screenings for campers, guardians, and staff.

Routine hand washing and disinfecting of equipment and shared spaces.

Face covering expectations based on age and vaccination status:

-Campers entering Pre-K or Kindergarten this Fall will not be required to wear masks but will be encouraged to indoors.

-Campers entering 1st grade through the age of 11 will be required to wear masks indoors.

-Campers age 12+

-Vaccinated: will not be required to wear masks but will be encouraged to indoors (proof of vaccination will be required).

-Unvaccinated: will be required to wear masks indoors.

-Mask use for all campers is encouraged not required when outdoors, especially when traveling to their activity destination.

*Subject to change based on guidelines from the CDC, ACA and DOH.

Clear, confidential communication of any contact scenarios or positive cases.

Group Dynamics

Camper groups will not exceed 15 campers and remain stable each week.

Divisions of multiple stable groups may be created up to 36 campers.

-i.e. 3 groups of Teddies = 1 Division

Distances of 6 ft will be maintained between stable groups at all times.

Use of physically distanced games modifications.

Guardian & Visitor Protocol

Kids in the Game will be limiting the number of visitors in the camp space.

Drop-off and pick-up of campers should be quick and kept to a consistent individual when possible.

All visitors will be expected to complete the daily health screening.
